

Local Gardeners Across America Harvest A Lot Of Produce.

Their Garden Bounty Can Help Your Food Pantry

No one needs to tell you how difficult it is to meet the increasing food needs of your community today. Gardeners in your community can help. They often grow more fruit, vegetables, herbs and nuts than they can use and are happy to share some with your food pantry – if only they knew how.

AmpleHarvest.org is a **free** nationwide registry that enables home gardeners and commercial growers near you to easily find your pantry when they have harvested more than they can use. Recently highlighted on the White House web site (www.AmpleHarvest.org/whitehouse), it has received support from Feeding America and your food bank, Google.com, the USDA, the National Gardening Association, the National Council of Churches, major service organizations as well as writers/bloggers across the country (see www.AmpleHarvest.org/comments and www.AmpleHarvest.org/news).

More than 7,000 food pantries across all 50 states have already registered with more signing up every day. Tens of millions of lbs. of freshly harvested produce has been donated by local growers to nearby food pantries across America. If your food pantry is not yet registered at www.AmpleHarvest.org, you are missing the opportunity to receive locally grown freshly harvested produce from area gardeners. Please **add your pantry today!**

Adding your pantry to AmpleHarvest.org is EASY, FAST and FREE.

It can be done quickly online (www.AmpleHarvest.org) or by fax. In addition to providing your pantry information (even a photo can be included!), you can also list store bought items you most urgently need and update it as needed for donors helping you when the gardening season is over.

Your pantry doesn't need additional refrigeration or storage because you can schedule produce donations and client pickup on a same day or next day basis. Free iPhone and Android apps (named "AmpleHarvest") also enable the donation of store bought items.

Many home and community gardeners are eager to reach into their backyards to help their neighbors in need. AmpleHarvest.org helps them find you.
