Local Gardeners Across America Harvest A Lot Of Produce.
Their Garden Bounty Can Help Your Food Pantry

No one needs to tell you how difficult it is to meet the increasing food needs of your community. Home gardeners can help. They often grow more fresh produce than they can use and are happy to share – if only they knew how.

AmpleHarvest.org is a free nationwide registry that enables home gardeners to easily find your pantry. It has received support from Feeding America, Google, the USDA, the National Gardening Association, the National Council of Churches, and more (see AmpleHarvest.org/news).

Join the more than 8,000 food pantries who have already registered. Tens of millions of pounds of freshly harvested produce has been donated by local growers to food pantries across America. Don't miss this opportunity for free, fresh food.

Adding your pantry to AmpleHarvest.org is EASY, FAST and FREE. It can be done online at AmpleHarvest.org or by fax. In addition to providing your pantry information, you can also list and update store bought items you need. Your pantry doesn't need additional refrigeration or storage because you can schedule produce donations and client pickup on a same day or next day basis.

Many home and community gardeners are eager to reach into their backyards to help their neighbors in need. AmpleHarvest.org helps them find you.
